LEMON GROVE REVIEW

The Dimmer VIEW

By MAX GOODWIN

Dr. Basil Maloney, our town's newest obstetrician, made his first faux pas the first week he was in Lemon Grove.

At a Rotary meeting where he was a guest, Dr. Maloney walked up to Harry Griffen, with whom I do editorial battle now and again, and said to Harry:

"I've been anxious to meet you MR. GOODWIN."

Griffen is suing!

One of our more interested readers took me to task last week concerning an editorial we did about our school board. Complaint was that we shouldn't have said that some of the board were idiots for rejecting the unanimous recommendation of the school administration in selecting a new principal.

Reader says we ought to retract our statement.

All right, then. We want it distinctly understood that some of the school board are not idiots.

Early last year we browbeat the people at the County Fair at Del Mar for the ten day schedule set up for 4-H and FFA members who have entered live stock competition.

My growl was that ten days off for being housemaid to a lamb, goat or beef often kept the youngster from getting a summer job. Theory being that many firms give these kids a summer job partly in the interest of youth generally and a ten day break right in the middle of the summer job is more than many employers are willing to take. Also, the cost of living at the fair grounds for ten days ate up all the profit.

So last year the fair people cut the "nursemaid" time to five days and the fair cared for the animals the other five days. According to Bill Arballo, one of the fair's executives, with whom I had argued the point many times, only one youngster took advantage of the offer. All the rest stayed at the fair the full ten days.

News is sometimes grisly . . . sometimes fun. Just when the going, news-wise, is the dreariest, we hope for an unusual story to spark an otherwise somber day.

Such a story is a good illustration of what we mean:

CUDAHY, WIS.—If Elmer J. Henry has mother-in-law trouble, he sure asked for it.

He spotted his mother-in-law, Mrs. Clement Seiy, among the hundreds of persons inspecting Cudahy's new jail. When she walked into a cell in the women's ward to look it over, Elmer swung the door behind her and the door locked automatically.

Mrs. Seiy, seething with indignation, huddled in the back of the cell and covered her face with a newspaper as curious visitors filed past. Fifteen minutes later, Elmer finally located Police Chief Tony Wise who released Mrs. Seiy with apologies.

Elmer's in real trouble.

There is hardly a week that we don't get a couple of calls from poetry people. These folk having become intrigued or inspired by some thing or some event and they resolve their reaction to paper with an occasional word at the end of a sentence sounding similar to one a couple of lines above. In many cases meter and syntax is missing.

When a versifier calls, he usually asks, "Do you print poetry?" My stock answer is "Not if we can avoid it."

This, I feel, saves me from saying "no" unequivocally because I might want to print a poem sometimes. It also puts a formidable barrier between the poet and the white space in this newspaper. Last week a person broke the barrier. She is an eleven year old girl named Patricia Loper who lives at 1357 Bakersfield in Monterey Heights.

When I read her stuff I checked with her teacher at Monterey Heights School and he assured me that material is original since it is written in

VALLEY 'MUSCLE' MAN MAN WINS TITLE

Plenty of right living and hard training is paying off for William Golumbich of 10110 Ramona Dr., Spring Valley. At Vallejo, Calif., on May 4, he won the "Mister Pacific Coast of 1957" contest over 16 other contestants (from all sections of the coast), including Bob Walker, who has been named "Mister California". Walker is from Los Angeles.

Points in the contest were judged on muscular development, symmetry, general overall appearance, posing ability and proportion.

In 1954 Bill Golumbich won the "Mister San Diego" title and on June 22-23, at Daytona Beach, Florida, he will compete in the "Mister America" contest.

Bill's sponsor in his past contests and the "Mister America" one, is Leo Stern of Stern's Gymnasium at 3831 Granada, San Diego. Bill does all his work-outs there. Leo Stern has already trained two "Mister America" winners; Clancy Ross of Alameda, Calif., winner in 1945, and Bill Pearl, winner in 1954, who was a Navy man in San Diego at the time.

The new "Mister Pacific Coast" Bill Golumbich, is the son of Mrs. Emma Tomlison of the Ramona Drive address. They have lived in the Spring Valley area about 15 years. Bill was born in San Diego and attended grade schools there. He is a graduate of Hoover High School and San Diego State College, class of 1951. From State he obtained his A.B. degree in business administration. At present he is with the U.S. Navy Auditing Department at Convair.

"Mister Pacific Coast's" advice to young, hopeful body builders: "Start young and train hard with weights. If it's impossible to attend a gym, then train at home. The environment of working out is of the utmost importance, that's where importance of a gymnasium comes in.

"Good health habits are of the utmost importance. Keep regular hours, get to bed early. Be sure to be very temperate in such things as smoking and drinking."

SV Sewers To Get $87,000 Federal Aid Says Utt

An offer of a construction grant to Spring Valley under the provisions of Section 6 of the Federal Water Pollution Control Act, has been made by the Public Health Service following the priority certification and approval of the project by the California Water Pollution Control Board, according to Congressman James B. Utt (R-28th Dist.).

The amount of $87,048 has been authorized for the Spring Valley Sanitation District for the construction of a new sewage treatment plant addition. The estimated cost of the project is $209,162, subject to change by the time bid for construction are received and other costs are more firmly established.

Acceptance of the offer by the Director, County Public Works, clears the way for completion of plans and specifications and meeting other requirements of the Act. The preparation of plans and specifications is a time-consuming operation, and some time may elapse before a contract is awarded and construction begins.

BETTS SCORES WINNING TRUSTEE'S CAMPAIGN

Bert Betts, Grove CPA, who was defeated last month for re-election to the school board by Harry Buckner, delivered a scathing 45 minute attack on campaign activities he attributed to "a group of teachers supporting Buckner". Buckner got 570 votes; Betts 417.

He offered in evidence a pamphlet he said was used in the campaign.

He said the pamphlet was a "pack of lies" intended to smear his reputation. He said he "objected strenuously" to the "play on words" by which he was "vilified".

The pamphlet, authorship unknown, supported Buckner and charged Betts with absenteeism and politicking among other things. Betts called this an "underhanded attack". Betts also charged that an article in this newspaper a month earlier misquoted three of five school board members in an earlier article on teachers' salaries. He said the article was "lies". No objections were registered at the time the article was published.

He said he wanted his statements read into the official minutes so this kind of activity could not occur again. He failed to show how this would lessen campaign enthusiasm.

Frank Armstrong, board member-attorney, said the attack on Betts was "reprehensible" and that the (school) administrative staff must learn to accept decisions of the board.

Robert Brown, VLM resident-trustee said he concurred with the attitude of Betts and Armstrong.

In other business, less dramatic but more important, the board approved 1957-58 salary schedules. Certificated personal will receive $4,200 per year minimum salary with $225 increments. Minimums for four classes are $4,300 for the second class; $4,500 for the third class, and $4,700 for the final class. There are 40 steps in the four classes with the fortieth step being $6,725.

To be budgeted for these salaries is $589,875.

Classified personnel was awarded an 8% increase which represents roughly $12,000 for the coming year.

Nursing service will also be increased. There will be 5 full time nurses, one more than last year. County pays half for this service.

Hal Brogan, a teacher-administrator at junior high school was made vice principal of that school at the meeting.

Assistant Superintendent Sam Solleder said that there are yet 8 vacancies to be filled on the teaching staff. There were 24 vacancies when the recruitment program started.

School budget will be studied at the next board meeting.

THINGS DOIN' & BREWIN'

About Civic Center

By DICK. HENDERSON

Board of Supervisors turned out a lot of business last week, got through the agenda by noon, and the Chamber was "dark", as theater folks say, in the afternoon.

Gilbert Ray, Casa de Oro's leading realestater, seemed surprised when we told him there would be no afternoon session of the Board. He evidently had some matter to discuss, maybe a new Freeway. Gil says business is pretty good in his line out in Eastern Spring Valley. "Good place to invest," Ray says. "Lots of lots left, but don't wait too long."

A hearing on petition for the formation of Pomerado County Water District was the only matter scheduled at 11 a.m. (It was approved by Boundary Commission as Poway County Water District).

Just where the water is coming from to supply all these newly born Water Districts is a moot question. If the bonds for the second barrel are not voted July 9 there will be several "dry holes."

WELFARE MATTERS

The Director of Public Welfare requests that the District Attorney be authorized to proceed against the responsible relatives of three recipients of Old Age Security. Also recommends that the District Attorney be authorized to take appropriate action to obtain completed Statement of Responsible Relative forms from responsible relatives of 26 recipients of Old Age Security and 1 reipient of Aid to Needy Blind.

Copy of letter from the Credit Bureau of San Diego, Inc., to Edgemoor, stating that in accordance with the order of the Board it has dismissed its suit against E. E., for the care of her father, F.C.D.R., and requesting that Edgemoor credit its general control account with the principal

Ice Show To Be Fair Feature

Rhythm on Ice, an outdoor ice show will be presented as free entertainment in front of the grandstand at the Southern California Exposition & County Fair at Del Mar the first five days. Dates of this 18th annual event are June 28 through July 7.

Exposition Manager Paul T. Mannen said the ice show will star Miroslava, national skating champion in 1951-52-53 and 54. From Czechoslovakia, Miroslava was a member of the World and Olympic teams and skated in Moscow, Berlin, Budapest, Warsaw, Leningrad and other European cities.

She escaped from behind the Iron Curtain in 1955 and has become the most publicized skating star since Sonja Henie. Her life story has been on T.V.'s Circle Armstrong Theatre and in the July 1956 issue of Readers Digest.

Co-stars of the show will be Larry Ellis, who sings as well as skates, and George Arnold, skater, actor and producer of Rhythm on Ice.

Ellis has been seen frequently on the Arthur Godfrey show.

Presenting an outdoor ice show is an attraction in itself Mannen said. A portable ice rink will be set up on the grandstand stage. This required advice from several scaffolding engineers who have worked out a satisfactory plan.

Ice shows will be daily at 3:30 and 8:30 p.m.

Other grandstand entertainment will include Chinaland Revue, July 3rd and 4th; followed by Polack Bros. three-ring circus the last three days of the Exposition's run.

'JOBS FOR JUNIORS' LADY WANT'S JOB FOR 'EM

Mrs. Mueller, (pronounced Mule-ear, she says), has started on her new job as co-ordinator for bringing boys and girls from 13 to 15 years and customers needing work done around their homes, such as weeds, lawn cutting and clean-up campaign together, for mutual benefit.

Teen-age kids need jobs to earn necessary pocket money. Householders need help in running their homes. This is the "why" of this "Jobs for Juniors" campaign, which was started last year and found ready response, with a number of youngsters taking their first steps towards responsibility, earning their own money by working.

Mrs. Mueller addressed meetings at three schools last week, secured the enthusiastic co-operation of Principal Sutton, Lemon Grove Junior High, Sister Superior Barbara of St. John's of the Cross Church and Mr. McCord.

These principals had not known of the "Jobs for Juniors" movement, which is a purely local project, for Lemon Grove and Spring Valley youths and lasses. Mrs. Kepner, who last year volunteered to list the workers for Juniors who wanted work and refer them to the folks with jobs, has a steady job at Convair and is no longer available to take phone calls.

Mrs. Mueller, whose health does not permit much activity, feeling that the kids needed help in getting jobs, and having time to give, volunteered her services, has started listing applicants, together with listing names of folks who need occasional help.

Early last week Mrs. Mueller visited the schools mentioned above, talked to the kids, and a card system listing the kind of work they can do, their experience, etc. Baby sitters and children's party helpers are available. They must have references and demonstrate their ability at this important work.

So, if your yard needs weeding, or the grass needs attention after all these nice May showers, please get in touch with Mrs. Mueller, phone HO 9-4321. Remember, these are kids who want temporary work, even for one hour. Give your old man Saturday to himself. Get a kid to cut the grass. —D.H.

ROWDY TO RELAXED

Notice how our sports mags are becoming "soft" in their writings on our supposedly rugged atheletics of these United States? Not too bad but mucho change since yesteryear. A minor take-off would show the olden day sports magazines featuring such articles as "No Teeth in Toothless Football" by Muscles Modjelowski, "Ice, Oil and Blood on the Racetrack" by Flash Deathlord, "How to Hack Wrists in Basketball" by Chopper Brokenbone and "Should We Allow Switchblades in Wrestling" by Three-fingers Groaner. Today's modern sports articles are titled "The Dificult Lawn Tennis Game" by Sir Giles Sweettooth, "A New Golf Sports-Scooter" by James Fleetbottom, "Favorite Flowers of Hockey Players" by Michael Hairdo, "Should Archery Be Banned For People Over 30" by Steverino Fluffy and "Diets of Weightlifter Wives" by Marybelle Goodwater. Exaggerated? Yes, but you do dig the hint, don't you?

SCOTTY HIGH SPORTS

Melvin Grant, the man in charge of Mt. Miguel Hi as principal next year and Present Helix Hi veep, asigned the following coaches their new position for the Matador Sports Teams: Tom Welbaum will be head grid mentor, Dick Ridgway will handle the cage team, Chet "Ace" Hoberg wil guide the tracksters, Ben Duea will teach the grunt 'n groaners how to win matches while the baseball squad will be under the tutoring of Walt Gehrke. . . . Dick and Doug Gorrie, Heix coaches, once played ball under Hoover football coach Roy Engle at Santa Barbara College.

PIONEERS IN MEXICO

How is it? Pretty good with the USD Pioneer football it would seem! Next football season, this Fall, the Pioneers won't make one but TWO trips to Mexico's interior. The first game will be against the University of Mexico on November 9 and against Mexico Poly November 16. They will also meet Arizona State (Flagstaff), Whittier, Pepperdine, New Mexico Western, Pomona and MCRD. . . .Predicted first-string lineup for State College's football teams: Ends, Braxton Pinkins and Al Canizales; Tackles, Ray Fackrell and Bill Lefford; Guards, Warren Hubard and Don Dickerson; Center, Ray Glaze; Backs, Joe Duke, Karl Jordan, Mauri Masthay and Cecil McGehee.

Hoover Hex Carries Over

It was to be expected! Only an unexplained miracle would have prevented Helix from defeating Hoover in the first round of the SCIF championship baseball playoffs last Wednesday at S. D. State College. As it was Hoover continued their hex over the weaker Metro League entry, 6-3.

The Highlander accomplished the majority of the fight by winning their league's championship, which makes us very proud. But when the really big games count for the Southern California championships, the Highlanders are making it a ridiculous habit of "folding" against Hoover in the baseball play-offs, foe. Last year Helix lost to Hoover in the baseball play-offs. This year it was football and basketball (also lost to them in track) and now again in baseball. After each loss I usually blow my stack and write some slamming remarks. But this time—what's the use? I expected the inevitable, so why get excited. Helix defeated Hoover twice earlier, 1-0 and 11-1 but in the big game—flooooop!

It goes without saying the green wave certainly try, as no one wants to win more than they do but I guess their Hoover complex has them defeated from the start. So our consolation is the Metro League laurels and we'll let the City league garner the state spotlight. It can't be any other way as long as Helix and Hoover meet in important games! —B.T.

The Admiral Swabs The Top Deck

ON BOARD THE USS TULARE—"I think I'm the only deck force admiral in the Navy," says Admiral Rue, USN, son of Mr. and Mrs. Edward F. Rue of 8646 Ildica St., Spring Valley, as he paints the port quarterdeck overhead on the USS Tulare after a recent good-will cruise to Sydney, Australia.

"I don't know exactly why my parents named me 'Admiral'," the Spring Valley bluejacket continued. "My dad was in the Navy for more than 18 years, maybe that explains it."

Asked what he thinks of Australia, Admiral replied, "I think the people down there are some of the friendliest I've ever met. They're all great outdoorsmen, and their beaches are really nice. The city itself reminded me a lot of San Francisco."

"One thing I couldn't get used to," he continued, "was the traffic. Every time I started to cross a street, I'd look the wrong way. Even the few American cars I saw had the steering on the right side."

Enroute "down under" the Tulare entered the realm of King Neptunus Rex as she crossed the Equator. An initiation was held for the "pollywogs," the name given to anyone who hasn't crossed the "Line" previously. After a man has once crossed the 00-00 degree latitude and experienced the initiation, he is forever known as a "shellback" and is a member of the "Royal Order of the Raging Main."

The Navy's newest and fastest attack cargo ship, the Tulare is now with Amphibious Squadron Three on operations in the Western Pacific waters.

Admiral is the husband of the former Miss Lupe V. Sotelo, who lived 1620 Skyline Drive, Lemon Grove.

ASSESSOR OFF TO WISCONSIN MEET

Wisconsin is becoming prominent in assessing methods.

The Supervisors granted an advance of $66.50 to Deputy District Attorney Carroll Smith to accompany Assessor McQuilken to the Badger State and learn at first hand how Madison and Kenosha officials assess aircraft inventories and work in progress for taxation purposes. The assessments total big amounts, and Carrol wants to get the figures so he will have something to work on when the local aircraft folks kick at the assessments.

Also, John McQuilken will need some supporting data for his share of responsibility. (John didn't ask for an advance of the fare. That will come from his travel allowance. —D.H.

Torrey Pines Golf Courses Open Next Month

Two new Torrey Pines Golf courses open on June 19, Leo B. Calland, director of the San Diego City Park and Recreation Department announced this week.

Climaxing five years of planning by San Diego, opening ceremonies will feature celebreties and both pro and amateur golfing figures. Sprinklers have long been wetting down what Frank Rodia, the Torrey Pines pro, deschribes as "perfect greens along a peach of a course."

This addition will bring the number of golf courses in San Diego to a total of twenty-six.

The two new 18-hole links are laid out on wooded bluffs above the long curve of Torrey Pines Beach, a favorite spot for picnics and surfing in the San Diego area.

The courses are of professional calibre and will handle from 250-350 golfers a day with ease. With a dramatic background of rolling waves and the distant Los Coronados Islands, they vie with any in the nation for sheer beauty of setting.

To visit the new courses the sportsman turns seaward off U.S. Highway 101 near the La Jolla cut-off and a few miles on the San Diego side of Del Mar. From the new clubhouse the completed south course stretches back toward San Diego. The north course, still under construction but scheduled for fall opening, approaches close to Torrey Pines Park.

In this San Diego City park grow the unique torrey pine trees, named for Dr. John Torrey of the University of Columbia. These pines are one of the raest and most primitive species in the world and are found only in this park area and on one near by island off the California coast.

Church's Gift Shop Grows and Moves

St. Philip's Church Thrift Shop is undergoing expansion pains. The pains became so great, according to Fr. Phillip Bartlett, that a larger building had to be found for it.

The Thrift Shop will move from 8127 Broadway to 7761 Broadway on June 1st. The new location is between Buena Vista and New Jersey Streets. Mrs. Charles Edens is manager.

Grossmont Students Speak, Dine Spanish Style

Ten Grossmont High School Spanish students were dinner guests of Robert Conger, Spanish teacher, and Mrs. Conger recently. Speaking only Spanish, the students dined on Spanish food prepared in the South American manner, as the Congers learned to prepare it during their stay in Bolivia. Decorations were souvenirs from South America, with a program of Spanish songs.

Selection from five of Mr. Conger's Spanish classes of the ten students to attend the party was made on the basis of scholarship, and the purpose of the party was to recognize achievement of the students. Guests included John Baylees, Diane Monahan, Gary Binger, La Vonne Peterson, Carol Hancock, Carolyn Putman, Leanne Lane, Sue Cosby, Larry Anderson, and Larry Smith.

Conger taught in South America and has studied in Mexico City as well as at colleges in the United States. He came to Grossmont in September 1956.

"Ready When You Arrive"

REPORTER GETS 'SHOOK UP' BY 'PINKIES' AT GROSSMONT

By DICK HENDERSON

Well folks, I was, in the words of Elvis Presley, "all shook up" at Grossmont, and guess why.

I learned that Louis M. Peelyon, Administrator of Grossmont Hospital has 570 "Pink Ladies" on call, and these here "Pink Ladies" work for nothin', no money, that is.

No wonder Peelyon does such a good job.

I had heard of Pink Ladies, thought is was a ladylike drink, 'til I visited Grossmont Hospital Sunday afternoon and discovered the lobby loaded with handsome women, each wearing a pink smock.

One smocked lady came up to me, asked if I would like to go through the Hospital. Anticipating seeing a crowd of strangers, I had pinned my business card on my right lapel, with a red carnation in the left, and this lady read the card, said "are you a reporter?" I said, "sort of a cub." She was very pretty, young and English, you know.

Said her brother was a journalist in England, wrote a column for The London Times, sometimes wrote for "Punch".

A party of five guided by Harriet Conrey was just starting out and "would I care to join them?" so I did, and brought up the procession.

We passed the X-Ray room, where every patient entering the hospital gets a shot of Roentgen Rays, to be sure his lungs are okeh. That's a new technique in hospital management.

We followed Harriet Conrey through the X-Ray rooms and Herbert C. Ferguson, X-Ray chief technician, showed the big machines and the tables that are moveble in any direction, to get the shot the doctor wants. Very interesting, in fact amazing to a greenie like me.

Lost?

I stayed behind a moment to ask questions and here came Harriet—said she thought I was lost.

Then we went into the laboratory, with a half dozen microscopes on a table, and specimens cooking in the electric oven. One piece of apparatus was turning slowly, takes four hours for the specimens to cool off, and turn out a 2 inch cube of paraffine with blood streaks. This contains whatever the doctor is looking for, so the pathologist, who is the highest-powered medico on the job (he has to put in an extra year at medical college, and is really something in the medical world when he gets his sheepskin) can diagnose the trouble.

Lost Again

Harriet came back for me before I could ask half the questions I wanted to. Said she was going to get a rope and drag me long.

Then we went into the Tractor Room, and a lady in nurse's uniform explained about tractors—really they are stretchers—used to keep broken bones straight after being placed in casts. The nurse excused herself while she sold a pair of crutches to another nurse who had a requisition, then came back to me. The rest of our party had gone on, and again came Harriet. (Boy, I'll bet she has a lovely disposition.)

Every once in a while Harriet would say "Be sure and vote on June 11th—and vote "yes". It seems that the taxpayers in Grossmont Hospital District will have an election on that date to authorize spending some $600,000 now on hand, for an addition to Grossmont Hospital.

This authorization will not cost the taxpayers a penny, and the will do is enable the hospital directors to get **one million, two hundred thousand dollars** from the State and Federal Governments for a badly needed addition to the present hospital.

You will probably hear more about this later on, something about the Hill-Burton Act, and a three-way split.

Then we got into an elevator, run by a "Pink Lady" in a green dress. Said that was her job certain days, but she wanted her husband and children to see the hospital, and left her pink smock home.

We got back to the main floor and found a table loaded with plates of cookies, with a beautifully arranged centerpiece of stock and gladiolas in a silver bowl and at one end of this table was a giant punch bowl, at least three feet in diameter, full of delicious punch (pineapple and ice cream), and Mrs. Hutchens, president of the Auxiliary—Pink Ladies—dishing out the punch and "help yourself to the cookies". They were sure good cookies, and I went back a couple of times to try a different platter. Rather more sugar than my diet allows, but I thought to myself, "Heck, you don't get a chance like this when Pearl's around," so I accepted more punch to wash down the last cookie.

Mrs. Mary Landesco of Monterey Heights, in charge of the Gift Shop, was kept busy selling ear-rings and other articles, so I didn't get a chance to pump her for information. She is Public Relations Chairman for the Auxiliary.

Loses Harriet

Harriet had disappeared with another party before I was "punched" sufficiently, so I failed to thank her for care and guidance, and do so now.

The young lady at the telephone switchboard said they had 150 phones in the Hospital, kept her busy plugging in calls.

I am still "shook up" about these 570 Pink Ladies. I'll have some more about their activities in a later story.

"Be sure to vote and vote "yes" at the election June 11th."

That's what the Pink Ladies told me, and I'll do it.

These are the winners of the trophies of annual county-wide Press Awards competition sponsored by San Diego Chamber of Commerce at a banquet given last week at the La Jolla Beach and Tennis Club.

Winners are — front row; Dick Sims, La Mesa Scout and Max Goodwin, Lemon Grove Review.
Back row; Don Lapham, San Dieguito Citizen and Robert Garland, Carlsbad Journal.

The Lemon Grove Review, The Carlsbad Journal, The La Mesa Scout and The San Dieguito Citizen received top honors Friday in annual awards at the Press Awards Banquet conducted by the San Diego Chamber of Commerce. The event, attended by nearly 100 county publishers and their guests took place at the La Jolla Beach and Tennis Club.

The Lemon Grove Review, edited and published by Max Goodwin, was awarded first place in the San Diego Public Relation Clubs Youth Service contest.

Judges said, "the Lemon Grove REVIEW'S entry was selected for first place because the newspaper recognized an acute situation in growing juvenile delinquency in the community and took dramatic steps in editorial treatment to deal with the matter. The REVIEW hit on a specific program, cooperated with the sheriff's department and a church in the area where a youth-pack was rampant, and joined in sponsorship of a "Kids Krusade", giving considerable publicity to the event. More than 400 youngsters took part in the Krusade, and there have been no recurrances of their gang activities since that time."

The area was in Monterey Heights north of Lomita Village where youth packs from the east part of the county were congregating and creating disturbances last year.

The newspaper worked out a program with the Skyline Wesleyan Methodist Church's pastor, Reverend Orville Butcher and his Youth Committee after a public meeting was called in the home of one of the affected residents. Cooperation on the part of the operators of the pack's meeting place, policing by the nearby residents, and finally, a "march" of 400 youngsters down Skyline Drive under the sponsorship of the Methodist Church produced the desired effect, and the back of the pack was broken.

These stories were carried in this newspaper during summer and fall of 1956. It was this activity which earned the newspaper the first place award.

Second place in the Youth Service contest went to The Vista Press.

The Carlsbad Journal published by Robert Garland was named the winner of The San Diego Union Award for Community Service because of the outstanding work of the newspaper during 1956 to correct a serious water problem in the new North County municipality, judges reported.

The San Dieguito Citizen and The Escondido Times Advocate tied for second place in the Community Service contest, the judges reported.

Winner of the Henry C. Reed Best Award was The La Mesa Scout, published by William J. Hill. His winning editorial, titled "Time To Call a Halt" was selected for first place on the basis of subject matter and competition, judges reported. The editorial condemned a council candidate for "abuse" of freedom of speech.

Second place in the Henry C. Reed contest went to The El Cajon Valley News for a series of editorials dealing with city government. The Rancho Santa Fe Times won third place.

A three-part story, combined with pictures, in the Sept. 20, 1956, issue of The San Dieguito Citizen, was selected as the winner of The Evening Tribune Best News Story Contest. The story dealt with a hearing arranged and conducted by the Assembly Interim Committee on Conservation, Planning and Public Works relative to Highway 101 routing.

Judges cited The San Dieguito Citizen for "fair and adequate coverage of the hearing, presenting both sides of the controversy."

Second place in The Evening Tribune Best News Story contest went to The La Mesa Scout for its account of a stormy session of the city council. The Chula Vista Star was awarded third place for its comprehensive coverge of a story of international interest with a hometown angle. The story dealt with an interview of a mother of a United States soldier condemned to death for the murder of two civilians in Germany.

Principal speaker at the annual banquet was Russell Brines, editor of the Copley News Service. Brines told of his experiences as a foreign correspondent in many countries of the world.

President Ralph Phillips of the San Diego Chamber of Commerce opened the meeting, introducing Dr. Malcolm Love, president of San Diego State College, who served as master of ceremonies.

Among guests introduced was Dick Miller, assistant general manager of the California Newspaper Publishers Association, Los Angeles office.

The San Diego Union and Evening Tribune awards were made by John F. Borchers, general manager of the San Diego Chamber of Commerce.

Carlyle Reed flew from Sacramento to present the Henry C. Reed trophy in memory of his father, a late publisher of this county.

Jim Elgo, president of the Public Relations Club, presented the Club Youth's Service Award.

Judges of the annual contests were Elgo, Herbert Fredman, president of Sigma Delta Chi, journalistic fraternity, and Clarence Burdette, president of the Advertising and Sales Club.

High School Board OKs Personnel Contracts For 230

Offer of contracts for 230 certified personnel in the Grossmont Union High School District were approved at the regular Board meeting last week.

Resignations were accepted with regret from James Rusk, Grossmont math teacher, Leland Rolof, El Cajon High English teacher and Jean Evans, Helix High history teacher.

The Board approved of Community Recreation Center agreements with cities of El Cajon and La Mesa; approved of representation by Mrs. Quicksall at a guidance conference at Stanford University; Mrs. Mattinez' appointment to the Social Studies workshop at San Diego State College; Mr. Kniss to attend the National Education Association Convention with pay, but not travel expenses; Mr. Warburton to attend meeting of the California Secondary School Administrators Executive Board; and Mrs. Goode to attend the meeting of the California Education Study Council in Sacramento May 23.

The Board's participation in graduation exercises was authorized as follows: El Cajon Valley High, Rex Hall; Grossmont High, Lester Freeman and Mrs. Goode; Helix High, Palmer Svalstad. The El Cajon graduation will be held Thursday, June 13, starting at 4:00 p.m., in the Braves Athletic Field; Grossmont exercises will be held at State College, in the Greek Bowl at the same time; Helix exercises have been scheduled for the same day, only at 8:00 p.m., in the Helix Stadium.

COUNSELLING SERVICE

Acting upon a recommendation of the Grossmont Citizens Advisory Committee, the Grossmont trustees approved organization of a committee to evaluate counselling services provided in the four high schools of the district and to make recommendations for improvement. A report, prepared by the College Preparatory Courses Committee of the Grossmont C.A.C. was read and discussed prior to the action. The board suggested that the committee include a counselor from each of the four schools and some businessmen in addition to parents and representatives from the C.A.C.

SURVEY

Action to select an architect to prepare a master plan for the Grossmont campus was postponed pending further study and survey by the Grossmont Board of recent construction in the district and in the San Diego area.

Facilities scheduled for replacement at Grossmont High include the high school offices, now housed in the basement of the old cafeteria building; boys shower and locker rooms (auto mechanics), library and classrooms.

Economy in maintenance over a long period of time, low construction cost and educational adequacy were discussed as primary factors in the building program.

LAKESIDE

To finance construction of the facilities at Grossmont by September 1958, and the fifth high school at Lakeside, needed in September 1959, will require a bond issue early in the fall. Local funds may be supplemented by a State loan if S.B. 224 is enacted, S.B. 224 by Dilworth and A.B. 1110 by Hegland, would limit repayments on State loans plus the levy for local bonds to a 45 cent rate. This would be a reduction of 18 cents on the current bond and repayment rate of 63 cents.

FRIENDS CHURCH WOMEN'S BAKE SALE SATURDAY

The Women's Circle of the Friends Community Church will hold their bake sale this Saturday, June 1, at the Food King Market, Campo Road and Bancroft Drive. Baked goods for the sale are being donated by the women of the church. On sale will be pies, cakes, cookies, brownies and rolls. Proceeds from the sale will go toward paying for the church sewer.

How police dragnets go into action

You've probably seen police detectives launch many a case on television or in the movies with an All Points Bulletin. But did you realize you were watching your telephone system swing into action at the same time? The Teletype networks that carry police "APBs" are put in and maintained by telephone people. These nets link hundreds of real-life law enforcement agencies on the Coast. They're used to exchange facts on police cases. News services, air lines, and many others use similar hook-ups. Teletype networks are one of the services we offer as part of our communications job.

Mobile telephones are another service we offer. They have lots of uses in cars, taxis, trucks. We also supply private-line phone systems, used by many government agencies and businesses to link offices and plants. Special services like these provide communications of many kinds that are vital to your everyday life.

Working together to serve you better . . .

Indians May Lose Health Aid

County Health Director J. B. Askew was directed by the Board of Supervisors to request continuation of federal aid in health service for Indians of 14 County reservations.

The U.S. Division of Indian Health has informed the Supervisors it will withdraw its $3,000 annual support for special nursing services for Indians.

Dr. Askew said the services include weekly calls at reservations by County nurses to aid Indian families with health and sanitation problems. The federal government has been providing aid since 1934. (Medical care has been provided since long before that. —D.H.)

Askew said, "If this service is discontinued, the Indians would be treated as any other group in the County, and would have to request many of the services which our nurses provide."

'Mudcat' To Be Starter For Padres

Jim Grant, better known as "Mudcat", is going to become a starting pitcher under the San Diego Padres' new manager, George Metkovich.

"I'm going to start Grant in some seven-inning games and continue to use him in relief," Metkovich said. "He's strong and can work a lot. In fact, he thrives on hard work."

Speaking of Grant's future in baseball, Metkovich said, "When Jim comes up with one more pitch to go with his fastball, he should develop into quite a pitcher. It might be a good curve or even an effective change of pace. He's sure to keep improving and in another year or two Cleveland is going to have a great prospect in Mudcat."

Metkovich is going to have his new pitching coach, Vic Lombardi, work with Grant, helping Mudcat get that other pitch he needs. Lombardi, of course, will continue to pitch.

"Gray will pitch in regular turn after this, "Metkovich said, "and I'm also going to use him in relief because that's the way he wants it. John likes to work often too. He says he's more effective when he's pitching a lot."

The Padres' Hank Aguirre passed out cigars May 16 with the arrival of a seven-pound, fourteen ounce son, Rance, in Reading, Pa.

Foster Homes Needed As Population Grows

By DICK HENDERSON

There is a pressing need for more Foster Homes in this area. The constantly increasing population makes our responsibility for the care of children whose parents, for a variety of reasons are unable to give proper and necesary care to their children, make the Welfare Department available.

Lemon Grove has 32 full-time Licensed Foster Homes and nine Part part-time homes. Spring Valley has eight full-time Foster homes and three part-time. More Foster Homes in Spring Valley are needed.

There are 800 Foster Homes in the County, 500 of them full time.

Until I was privileged to interview Mrs. Helen Lawrence, who is head of Foster Homes Division of Public Welfare in San Diego, I did not realize the problems that are faced by parents and children between three and 16 years. I had a vague idea that a Foster Home provided care in emergencies, but until Mrs. Lawrence explained in detail, I was all at sea.

Mrs. Lawrence is a charming Homes may have a speaker, competent to explain the scope of the work, with movies and projector provided, on request. A phone call will be given careful attention.

Foster Homes have proven the answer to many of the problems:

1.—What is a Foster Home?

It is one in which a family provides care for a child, not related to them, during the time that the child has to be away from his own family. Care may be needed for weeks or years, depending on circumstances. Parents may specify whether they are interested in short or long time placement. Payment for board is made on a business like basis.

2.—Who are the children needing Foster Homes?

They are the Marys and Johnnies of all ages, from babies to adolescent boys and girls whose parents for some reason, are unable to care for them. Some of them may need unusually patient, who has lived in San Diego for some 35 years, and has been in welfare work for many years.

Any group interested in Foster tient and understanding foster parents.

3.—Can these children be adopted?

No. The children for whom foster homes are needed are not available for adoption.

4.—What rewards do you get?

Foster parents get the joy of companionship and the satisfaction of helping the child grow into a fine, healthy person. People who are foster parents say that the most important reward for their time and effort is in the normal and wholesome development of the child and the increasing ability of the child to use his opportunities in life.

5.—Who pays for the child's care?

Board and clothing are provided by the social agency or the parent placing the child.

6.—Who provides medical care?

Medical care is provided either by the agency placing the child or by the child's own parents.

7.—Who places the child?

The child may be placed by parents or by social agencies, including the California Youth Authority, Department of Public Welfare, Probation Office, Catholic Case Work Bureau and the Children's Home Society. The social workers placing the children attempt to fit each child to the foster home best suited him. They assit foster parents in supervision of the child after placement.

8.—Is it necessary to have a license?

Yes. According to the California law, any person other than a close relative caring for a child under 16 must have a license. This provision has been made for the protection of the children.

9.—How is a license obtained?

The licenses are issued by the San Diego County Department of Public Welfare. There is no fee. New foster homes are urgently needed and every effort is made to make the study of your home as friendly and expeditious as possible. Further information will be gladly given if you call BEelmont 9-7561, Ext. 517.

10.—What kind of homes are needed?

All kinds of foster homes are needed in which the family numbers are happy and congenial and wish to share their home life with a child. Foster parents may or may not have children of their own. They may be of varied educational background, from different economic groups and may range from young married people to middle aged people. The following are four types of foster homes:

A—Full time Homes.

These homes give complete care to children whose own homes have been broken by illness, death or separation of their parents, or whose parents for some reason are unable to care for them.

B—Parent-Child Homes.

For a parent or parents and a child where the child receives care by the foster mother during the parent's working hours.

C—Wage Homes.

Some of the older children need wage homes where they can earn their board and room and a small wage. They also need foster parents who are interested in them and will accept them as part of the family group.

D—Day Care Homes.

For children whose parents are working. These children need care only during working hours. For pre-school children this means care for the whole day and for the school children care before and after school.

Make your application for a Foster Home License to:

High styled glasses are The Thing, granted, but take care in selecting the frames. Those heavy jeweled and ornamental frames are fine for special wear but a mite "out of it" for school. . . . and did you know that when the rugged sex "pops the question" it happens more frequently in an automobile than any other place?

DIS 'N DAT

Suggestions to Helix Hi: First, has the Latin Club ever thought of sponsoring a "Roman Slave Auction" as a pre-initiation stunt in order to raise some loot? Second, why not have a dance festival with the clubs entering a dance team under the heading of a "book theme?" An example would be "Moulin Rouge," can-can; "Showboat," minstrel dance from the roaring River Boat days; or "Arabian Nights" or some funny skit from "Cheaper by the Dozen" or a modern mystery dance from "Masque of the Red Death." . . . Congrats to Sharon Cassell who is Lemon Grove's entrant for the Fairest of the Fair contest . . . and what I'd like to see around town is a Miniature golf course that would offer some prize if you do the course under par, i.e., a free pass to a drive-in or a free taco or pizza meal, et cetera. Sound good?

GRAY IS NEW CHIEF DEPUTY FOR COUNTY RECORDER

County Recorder Roger N. Howe this month has a new Chief Deputy, in the person of Albert S. Gray, former Chief Deputy County Clerk.

Prior to his appointment to the County Clerk's office, Gray was Chief Clerk in the Recorder's office for ten years, and knows all the intricacies of recording documents and finding said recordings, book and page, for inquiring customers.

Glen Straw, who has been Chief Deputy for years, was retired at his own request. Glen's health has not been of the best for some time and has long considered retiring. Finally, his stomach ulcers got too much for him.

Al Gray, born in San Diego, has been in County service for more than 20 years, including Delinquent Tax Section, Auditor and Controller, Recorder and County Clerk. He is married, has a lovely wife - she worked in Assessor's office for several years, later was secretary to City Water Works Manager Plye — finally decided that their two daughters needed her care.

Al Gray's experience in County employ is just another instance where faithful service brings its reward. —D.H.

A new lamb bleats within the fold,
Blue shadows climb the mountains crest,
And night is one star old.

KIWANIANNES TO PARTY AT TOWN & COUNTRY CLUB

Although their usual excuse for throwing a party—the annual installation of officers—is not valid this year, the Lemon Grove Kiwanianes are nevertheless going ahead with the traditional June dinner party honoring their husbands. The affair will be held at the Town and Country Club on Saturday, June 1—with "happy hour" at 6 and dinner at 7 p.m.

The story, "Heritage of Glass," will be presented by the San Diego Glass and Paint Company, according to Mrs. Frank Armstrong, vice-president and program chairman. As an added feature, the husbands will be given an opportunity to return the compliment (?) and "tell all" about their wives; the Kiwanis Mother's Day luncheon having afforded the wives their turn.

Souvenir purse mirrors will be presented to the ladies—and a valuable door prize, courtesy of the Glass and Paint Company, will go to some guest. The prize, hinted Mrs. Armstrong, will have to be taken home in a truck! Deadline for reservations is today at noon. Kiwanian Thad Butts and Kiwanianne Dorothy Armstrong have been taking reservations.

Dr. Brassington's Medical Building Nears Completion

Lemon Grove's newest medical building will be ready in August.

It is being built by George E. Brassington, M.D. at 7944 Golden Avenue and almost butts against the post office.

Dr. Brassington said it would serve himself and Dr. Richard C. Daarud with whom Dr. Brassington associated in April, last year.

The building will contain 3,500 square feet of space and will have a joint waiting room, a central laboratory, surgery and x-ray office. Consultation rooms will flank each side of the laboratory section, separated by halls.

The building has one wall of rose quartz, inside and outside.

The reception room has the quartz wall and also a Vermont slate floor which is an innovation, the theory being that slate is more hygienic.

Another wall of the building is board-and-batten and has a planter box built in. The rest of the building is stucco. Air conditioning is being installed throughout.

Contractors and designers are Farrar Hudson Associates of San Bernardino. They also built Paradise Valley Hospital Medical Building and the Paradise Valley Church.

Dr. Brassington has been practicing in Lemon Grove for ten years except for a tour of duty with the Armed Forces.

The doctors said open house would be held when the building is ready to be occupied. Until then they will continue their offices at 7850 Golden Avenue.
